

August 20, 2009: The BIG Move!

The EI Clearinghouse Library collection has been moved to the Children's Research Center, home of the Early Childhood and Parenting (ECAP) Collaborative on the U of I campus. Our thanks to the husbands and children, graduate students, and staff members who helped move 300 boxes! Books, videos, and journals are still in boxes and are not yet accessible for responding to requests for materials. But we're making progress!

packing up

loading the truck
